Second Amendment After Final Rejection

Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20230:

Sir:

In response to the Advisory Action dated February 28, 2003,
please amend the application as follows:

In the specification:

Please replace the paragraph starting at line 3 on page 9 pf the
specification with the following paragraph:

--In order to fully coat the particles or provide complete
hermeticity, it may be necessary to coat the particles more than
once. Also, particles of the coating material, can also be
present since volume of the coating material on a particle is
unexpectedly high. To demonstrate the unexpectedly high volume of
the coating material on a coated particle, a 90 nm thick coating
on a 5-micron particle is equivalent to about a micron particle
of the coating material. Particles of the coating material, as
well as uncoated particles, also decrease efficiency and
brightness of a batch of coated particles containing a
preponderance of coated particles where the coating material is
